

This job aid assists users on how to log into WAA EPA Community Access using legacy credentials on a desktop.

1. In your browser go to <https://waa.epa.gov>. You will be redirected to the **EPA GATEWAY** login page.

2. To log into the WAA EPA Community you will be using your existing WAA user account credentials. From the "WAA Username & Password" tab of the EPA Gateway login page, click the "Login" button.

3. The "Welcome to the EPA Web Application Access" page will be displayed. Enter your WAA User ID (typically in format username) and Password, click the "Login" button.

Welcome, **Maury Smith**

About Web Application Management

The EPA Web Application Access provides a shared, centrally managed infrastructure that provides web access management services to EPA web applications, so that these functions need no longer be independently developed or incorporated into individual applications. The WAA page provides users with access to the WAM user and approver management functions.
